DON EMMANUEL

DON EMMANUEL ANUNNAKI
ENKI BELICOSO · 6 X 54

The fourth vitola in the Anunnaki line. A 6 x 54 figurado created by Don Emmanuel in partnership with legendary Master Blender Eladio Díaz and produced at Tabacalera Díaz Cabrera in the Dominican Republic. The same seven-tobacco blend that defined the line, now in a construction that reveals Anunnaki from a different perspective.

ANUNNAKI

In Sumerian mythology, Enki is the son of Anu and Ki, the god of humanity, sent to Earth on a mission to extract gold. The name carries forward the story that began with Anunnaki and keeps the line connected to the energies of the universe

ENKI
SUMERIAN GOD OF HUMANITY

- *Cabeza tumbada cap, designed to elevate the smoking experience*
- *Closed foot, delivering the aroma and flavor of the wrapper from the first light*
- *The closed foot also protects those who prefer to light the cigar while holding it in the mouth*

A format that concentrates and carries the blend in a different way. Lighting through the closed foot presents the wrapper first, and the body of the figurado builds a denser, more progressive evolution across the smoke, always within the medium strength that defines the line.
